To Whom It May Concern,

At All Pro Dad, our mission is to help dads love and lead their families well.

It is our honor to recognize the efforts of The National Alliance for Father Friendly Schools in working to encourage schools and school districts to provide a welcoming and inclusive environment for fathers. We support fatherhood engagement because research confirms that when schools intentionally welcome and engage fathers, they see improvements in behavior, attendance, and student achievement.

We also recognize and support the needs of students who do not have an easily identifiable father figure in their lives. We encourage schools to help those students participate in father engagement programs with an appropriate role model or mentor to fill that gap.

As such, we are excited about the opportunity to work with the National Alliance for Father Friendly Schools and other fatherhood organizations, school districts, parent organizations and others. Along with Alliance members, we believe in the power of family engagement in schools, especially those specifically including fathers.

Please feel free to contact me for a reference or if you have any questions.

Thank you,

Jason Hood
