

# Sanitize Your Food with Electrolytic Ozone

**99.99%\***

Removals bacteria & viruses  
\*Approved by International 3rd-party labs.

**Rapidly**  
Bactericidal

**Safety**

No matter how much you use

## Revolutionary Ozone Food Purifier

The Biolux Ozone Food Purifier (OFP) applies patented electrolytic ozone generator technology from BES Group. Just **place the OFP in a full water container, to turn ordinary turn tap water into natural sanitizer.**

Compared with traditional corona discharge method, **Biolux OFP provides safer dissolved ozonated water.** The OFP generates ozonated water directly from water it **does not produce by-products (NOx)\*** that are harmful to people. Ozonated water will **kill the pathogens immediately and revert to oxygen and water.** It's safe to use, neutral pH, and non-corrosive.

OFP can be used to **maintain kitchen hygiene, food preservation, meat & seafood deodorization, and general surface sanitation,** and also effectively **degrade pesticide residues** on the surfaces of fruits and vegetables. Ozone not only provides a safer and easier sanitation option but also controls dietary hygiene and easily protects the health of the whole family.

**Model: EOS7260**

THE PICTURE IS SHOWN FOR ILLUSTRATION PURPOSES ONLY.  
THE ACTUAL PRODUCT MAY VARY DUE TO PRODUCT ENHANCEMENT.

\*According to international authorities: Low concentrations of nitrogen oxides (NOx) may cause coughing or shortness of breath, fatigue, and nausea. When NOx reacts with water and easily form nitrous acid. Long-term exposure and use may cause cancer to the human body.

## Focus Points

Pesticide residues reduction

Keep meat & seafood fresh and deodorization

General surface sanitation

Maintain kitchen hygiene

## Specifications

Model No.	EOS7260
O <sub>3</sub> Concentration	1.5ppm / 5L / 10min.
Power	AC 110-240V, 60 / 50Hz, DC12V
Water Quality (TDS)	TDS 60 - 250mg/l; <180ppm as CaCO <sub>3</sub>
Water Temperature	5 - 35°C (41 - 95°F)
Dimensions	Main controller: W280 x D70 x H100mm
	EOG: W110 x D25 x H80mm
Weight (Net)	1.6kg

## About Us

Since 1988, BES Group has been the global leader of electrolytic technology that converts water to ultra-pure ozone and hydrogen. Products applications include Food Safety, Ice & Beverage, Dentistry, Healthcare, Professional Laundry, Professional Cleaning, Maritime, and Home Sanitation & Wellness. All products and components are tested for high performance, safety, efficacy and reliability with certifications from government agencies and leading 3rd party labs.

## Configuration

## Features

### Inspired by Nature

Turns tap water into an effective and safe sanitizer.

### Instant Start

OFP generates ozonated water in a short time, keep running for your safety.

### Chemical-free

No need to add other chemical additives.

### Natural & No Residue

Provides a better quality for food safety at home.

### Easy to Use

Just place OFP in a full water container, and press the start button.
