

SPECTRUM QUARTZ

INTRODUCING SPECTRUM QUARTZ

Spectrum Quartz is a premium surface that combines the beauty of natural stone with the renowned strength of quartz. A leader in innovative design, our Natural Harmony Collection features a stunning combination of movement and depth.

CAPTIVATING DESIGNS

Spectrum Quartz offers over 30 striking quartz designs to fit your creative vision. From classic and traditional to modern and contemporary, Spectrum Quartz has an innovative quartz design to perfectly complement your creative vision.

UNCOMPROMISING PERFORMANCE

Spectrum Quartz is composed of one of the hardest minerals on Earth - pure natural quartz. The result is a beautiful surface that is harder and stronger than granite.

THE SAFE CHOICE

Spectrum Quartz is highly resistant to harmful bacteria and has been tested and certified by NSF International. Non-porous and non-absorbent, Spectrum Quartz won't harbor liquids that can allow harmful bacteria growth.

LOW MAINTENANCE

Spectrum Quartz is highly stain and scratch resistant and does not require sealing, polishing, or reconditioning. Cleaning is as simple as wiping with warm water and soap.

COMMITMENT TO EXCELLENCE

Spectrum Quartz is committed to providing a great customer service experience. Each design comes with a lifetime limited residential warranty.

THE PERFECT COMPLEMENT

Spectrum Quartz is manufactured by Hirsch Glass, a leader in unique art glass tile and mosaics. For design inspiration and matching backsplash tiles, please visit SpectrumQuartz.com.

PRODUCT INFORMATION

Size and Dimensions

Slab Width	63"
Slab Length	120"
Thicknesses	2 cm / 3 cm
Finish	Polished

Technical Information

Description	Test Result	Test Standard
Density	2.4 g / cm ³	ASTM C97
Water Absorption	0.05%	ASTM C97
Mohs Hardness	7	N/A
Chemical Resistance	Not affected	ASTM C650
Stain Resistance	Not affected	ASTM C1378

Care and Maintenance

Spectrum Quartz does not require sealing, repolishing, or reconditioning. Spectrum Quartz can be cleaned using mild soap and warm water.

Certifications

Spectrum Quartz is certified by NSF International for NSF Standard 51.

Additional Information

Additional information can be found at our website at SpectrumQuartz.com.

Spectrum Quartz features movement similar to that of natural marble and granite and may vary in color, pattern, and shade. Spectrum Quartz is not a seamless product and these variations may be more noticeable where the product is joined in seams. **Printed representations may vary from actual product and this catalog may not accurately convey the color of the actual product.** Viewing a physical sample is highly recommended prior to purchasing. Samples are a small section of the actual product and cannot fully convey the movement and visual aesthetics of an installed product. It is suggested to visit our website at SpectrumQuartz.com to see the appearance of a large slab.
