

### EXTREME X24

301980

Dims / 24' L x 10' W

Deck Height / 15"

Weight / 1,500 lbs.

Wt. capacity / 8,000 lbs.

Extreme X24 Boat Port is our biggest and most versatile boat port, designed to accommodate boats from 23' to 32' long and up to 8,000 lbs, and packed with features for superior docking performance and longevity.

- Shock-absorbing roller system for superior docking performance.
- Entrance rollers provide additional loading support for comfortable docking.
- Additional buoyancy support up to 1200 lbs. for heavier motors.
- Front or side mounting options for flexibility.
- Sliding aluminum rail allows unlimited bunk adjustability.
- Crafted with an incredibly durable rotomolded shell, fully filled with marine-grade EPS foam, offering maintenance-free high-density polyethylene construction.
- Easy drive-on / push-off or use our new patent-pending Power Launch Assist. (#302672) Just a push of a button and the power launch assist effortlessly pushes your boat into the water softly and safely. Retro fits all past Extreme models. Comes with bow stop. (Sold separately)
