

COMPLETE RANGE OF HELLERMANN TYTON HEAT SHRINK

AVAILABLE NOW

Gas Powered Hot Air Tool

The HellermannTyton CHG900 Cordless Heat Gun is powered by P445 gas cartridges, providing autonomous working of 90 minutes in one go. The tool is designed to produce flameless heat which makes it the ideal hot-air gun to apply a huge variety of heat shrink tubing and heat shrink wire markers, as well as heat shrink boots, transition shapes, end caps and cable repair sleeves, especially in harsh outdoor conditions covering freezing temperatures as low as -8°C.
