# 2018 FLY KANSAS AIR TOUR

## Sponsorships help!

The Kansas Commission on Aerospace Education is a Kansas registered non-profit corporation. Here's why your contributions help.

The Fly Kansas Air Tour mixes student and community education with pilot interests to bring out the best in Kansas aviation—through active pilots, airport displays and events, plus participants addressing many facets of aviation.

Your help is greatly appreciated to help "Fly Kansas" now and beyond!

In return for pilots flying at their own expense, the 2018 Air Tour combines aviation interests for pilots with students outreach within KCAE's focus on the value of STEM and the importance of aviation history. Thanks for the consideration!
