

COMPANY PROFILE

Company Name: **Vision Infrabuild**

Established: 2024

Headquarters: Pune, Maharashtra

Industry: Construction & Infrastructure Development

ABOUT US

Vision Infrabuild is a Pune-based construction and infrastructure solutions company established in 2024, committed to delivering reliable, quality-focused and practical solutions across the construction and infrastructure sector.

We operate across multiple business verticals, including Construction & Civil Engineering, Government Contracting, Industrial Civil & Infrastructure Works, and Building Material Supply.

Our objective is to provide clients with dependable project execution and material solutions backed by professional coordination, local expertise and a commitment to quality.

With a strong understanding of the local construction environment in Pune and its surrounding regions, we aim to build long-term relationships with clients, contractors, developers, industries and government organizations.

At Vision Infrabuild, we believe that every project is more than just a structure. It is a commitment to quality, safety, reliability and trust.

WELCOME MESSAGE

PRASAD GADEKAR
FOUNDER & MANAGING DIRECTOR
CIVIL ENGINEER

Welcome to Vision Infrabuild

Welcome to Vision Infrabuild, a trusted name in Construction & Civil Engineering, Government Contracting, Industrial Civil Works, and Building Material Supply.

Established in 2024 and based in Pune, Maharashtra, we are committed to delivering reliable, quality-focused, and practical solutions tailored to meet the unique requirements of every project.

With a focus on quality, integrity, timely execution, and customer satisfaction, we strive to build strong and lasting relationships with our clients, contractors, developers, industries, and government organizations.

At Vision Infrabuild, we don't just build structures—we build trust, value, and long-term partnerships.

Shaping Skylines, Building Trust.

OUR VISION

VISION

- To become a trusted and professionally recognized construction and infrastructure solutions company, delivering quality projects and reliable services that create long-term value for our clients and communities.
- We envision building a strong presence in the construction, infrastructure, industrial and government contracting sectors through responsible execution, professional standards and continuous improvement.

OUR MISSION

MISSION

- Our mission is to provide quality-driven, reliable and cost-effective construction and infrastructure solutions while maintaining professional standards throughout the project lifecycle.

We strive to:

- Understand our client's requirements clearly.
- Provide practical and project-specific solutions.
- Maintain quality in materials and workmanship.
- Ensure effective project coordination.
- Focus on timely and systematic execution.
- Maintain transparency and professional communication.
- Develop long-term relationships with our clients and business partners.
- Continuously improve our capabilities and execution standards.

QUALITY, SAFETY & RESPONSIBLE EXECUTION

- At Vision Infrabuild, quality and safety are integral parts of every project we undertake. We believe that successful project delivery depends on the right combination of quality workmanship, reliable materials, safe working practices and effective site coordination.
- We are committed to maintaining professional standards throughout the project lifecycle—from initial planning and material selection to execution, quality monitoring and final completion.

Our approach focuses on:

- Quality-Conscious Workmanship and attention to project specifications.
- Reliable Material Selection based on project requirements.
- Safe Working Practices and responsible site management.
- Effective Site Coordination among clients, contractors, suppliers and work teams.
- Regular Monitoring of work progress and execution quality.
- Timely Identification & Resolution of site-level requirements.
- Clean & Organized Work Environment wherever applicable.
- Client Satisfaction through transparent communication and dependable execution.
- Our goal is to deliver projects that reflect our commitment to Quality, Safety, Reliability and Professionalism, while building long-term trust with every client and project partner.

OUR STRENGTH & FUTURE GROWTH

- At Vision Infrabuild, our strength lies in our local expertise, multi-sector capabilities, reliable execution and integrated service approach. With experience across government projects, residential construction, industrial civil works, Trimix flooring, maintenance and building material supply, we aim to provide practical and dependable solutions to our clients.
- We are continuously working towards strengthening our capabilities and expanding our presence across the construction, infrastructure, industrial and government contracting sectors.

Our future growth is focused on:

- Expanding our Government Contracting portfolio.
- Undertaking more Residential & Commercial Construction Projects.
- Growing our presence in Industrial Civil & Infrastructure Works.
- Strengthening Building Material Supply capabilities.
- Developing long-term relationships with Builders, Developers, Industries and Government Organizations.
- Building a strong and trusted presence across Pune and surrounding regions.
- Our vision is to grow Vision Infrabuild into a trusted and professionally recognized name in the construction and infrastructure sector, driven by quality, reliability, innovation and long-term client relationships.
