# Coffee Grinder

# G9010B

## Professional Configuration

-  Stainless Steel Conical Burr
-  12-level Grind Size Adjustment
-  80g Bean Hopper Capacity
-  Touch-sensor Grinding

## Core Function

- . 38mm stainless steel conical burr
- . 0-12 level (60-scale) adjustment disk with rotary adjustment
- . 80g bean hopper capacity
- . Touch-sensor grinding, sloped powder pouring
- . Quick-disassembly burr, easy to install and remove
- . Smart touch screen display with timed dosing

## Product Parameters

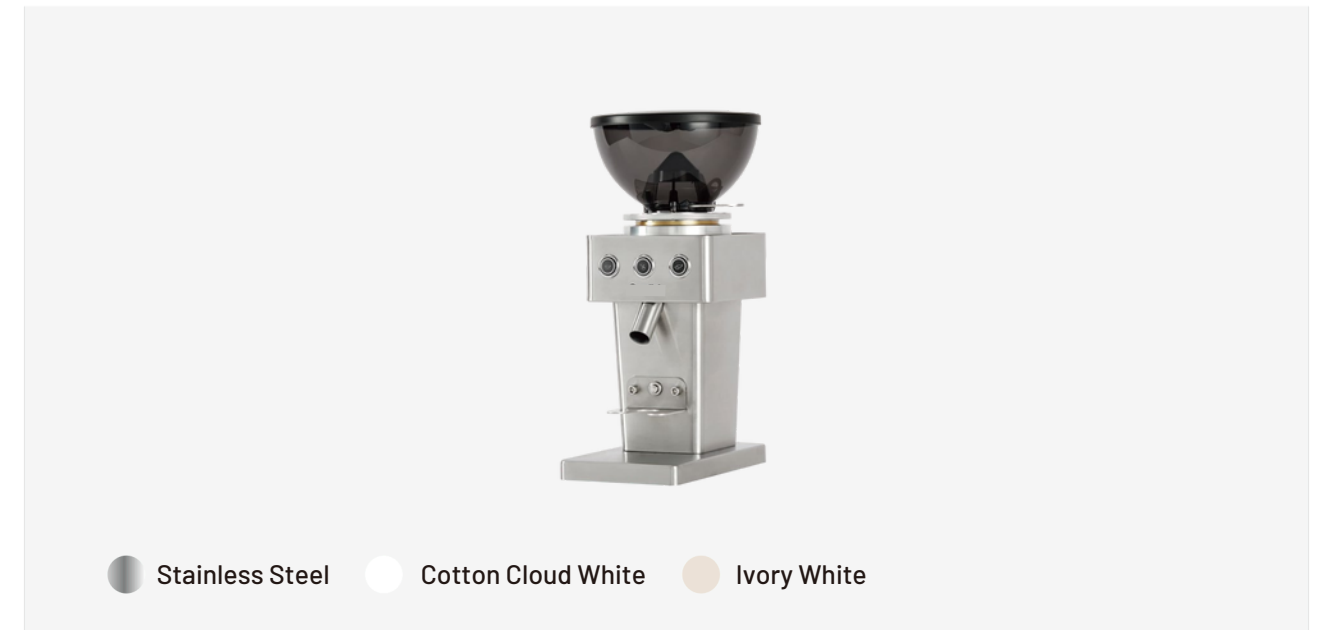

- Rated Power  
150W
- Rated Voltage/Frequency  
220V~ 50Hz
- N.W/G.W  
2.4kg/3.5kg
- Unit/CTN  
104x313x221mm/405x306x188mm
- Loading Capacity  
1257PCS/2564PCS/2877PCS

## G9015C

### Professional Configuration

### Core Function

- . 64mm stainless steel flat burr
- . 0-10 level (50-scale) adjustment disk with push button adjustment
- . 280g bean hopper capacity
- . Equipped with an additional single dose hopper airblower, it can be used for storing beans and cleaning residual powder
- . Built-in Plasma Generator, anti-static technology prevents powder splashing
- . Timed grinding for single cup/ double cup
- . Equipped with an additional plastic dosing cup, perfectly fits the portafilter holder

### Product Parameters

Rated Power  
250W

Rated Voltage/Frequency  
220V~ 50Hz

N.W/G.W  
5.4kg/7kg

Unit/CTN  
175x367x226mm/464x286x240mm

Loading Capacity  
875PCS/1777PCS/1973PCS

# G9016

● Titanium Grey    ● Cotton Cloud White

## Professional Configuration

-  Carbon Steel Flat Burr
-  11-level Grind Size Adjustment
-  500g Bean Hopper Capacity
-  Touch-sensor Grinding

## Core Function

- . 64mm carbon steel flat burr
- . 1-11 level (110-scale) adjustment disk with push button adjustment
- . 500g bean hopper capacity
- . Electronically controlled
- . Timed grinding for single cup / double cup
- . AC pure copper motor for efficient grinding

## Product Parameters

- Rated Power  
350W
- Rated Voltage/Frequency  
220V~ 50Hz
- N.W/G.W  
8.3kg/9.2kg
- Unit/CTN  
145×382×207mm/272×207×485mm
- Loading Capacity  
1087PCS/2202PCS/2409PCS

# G9026A

## Professional Configuration

-  Stainless Steel Flat Burr
-  11-level Grind Size Adjustment
-  1400g Bean Hopper Capacity
-  Touch-sensor Grinding

## Core Function

- . 83mm stainless steel flat burr
- . 0-11 level (55-scale) adjustment disk with push button adjustment
- . 1400g bean hopper capacity
- . LCD touch screen display control, multi-parameter smart detection
- . Built-in Plasma Generator, anti-static technology prevents powder splashing
- . High-torque AC pure copper motor for stable and efficient grinding

## Product Parameters

- Rated Power  
650W
- Rated Voltage/Frequency  
220V~ 50Hz
- N.W/G.W  
13.86kg/16.8kg
- Unit/CTN  
247.2x615.5x276.3mm/315x272x780mm
- Loading Capacity  
442PCS/913PCS/1003PCS
