Healthy Drink

SLUSH MACHINE | 10 LITER

CE

Standard Features:

· 10 Liter machine guarantee the production and distrbution of frosen drinks quickly at surprisingly low cost.
· These machine represent the best solution for slush, sher. bet, yogurt, cappuccino, and frozen drinks.

· Compact and luxurious in design.
· Frozen and liquid drinks 2 in 1 machine.
· Night mode to keep the drinks fresh over night.
· Two large 10 liter hoppers for optimum cooling and serving capacity.
· High quality in compressor and wonderful working perfor-mance.
· LED light in illumination on top of the machine, to make the drinks more attractive.
· R304 stainless steel and ABS body panel for your choice.
· Food-grade high denisity polycarbonate bowl, health and environmental protection.
· Bowl and faucet easy to disassemble for quick cleaning and utmost hygiene.

HOT CHOCOLATE MACHINE

Standard Features:

· Varied kinds of hot drinks can be served by this lovely product.
· such as hot chocolate, tea, coffee,milk, soup and mulled wine,etc.
· Sleek and compact design ,easy for operation.
· Electronic heating system with a wide controller range of temperature 30 ℃ to 90 ℃.

· LED screen with Press-button, wich show the heat temperature very clear at a glance.
· Super stronger mixing paddle,drives the liquid uniformly and no-stick.
· All plastics parts made of food grade polycarbonate which was unbreakable and easy for clean.
· Food grade #304 stainless steel base plate with thermal protector.

BEST DESIGN ONLY FOR YOU

Frozen beverage dispenser with more powerful auger technology for superior mixing and freezing. Various kinds of cold drinks can be served by our machine, such as slush, sherbet, smoothies, coffee, frozen cocktail and frozen drinks.

Compact and luxurious in design.
Advanced electronic temperature controller with a digital display that indicated the temperature of the beverages.
Frozen and liquid drinks 2 in 1 machine.
Night mode to keep the drinks fresh over night.
Two large 12 liter bowls for optimum cooling and serving capacity.
Very simple to program and run with touch pad display which also guides cleaning and preventive maintenance.
Lighted displays for merchant graphics.
Internally monitored refrigeration system to ensure long lasting performance.
High quality in compressor and wonderful working performance.
LED light in illumination.
Food-grade high density polycarbonate bowl, health and environment protection.
Bowl and faucet easy to disassemble for quick cleaning and utmost hygiene.

Classics design model, your preferential choice for first time to use slush machine. Already opimized cooling system to keep the perfect cooling performance.

Removable and super strong bowl , virtually unbreakable polycarbonate .
Automatically shuts down refrigeration (stop compressor) when product reaches desired thickness.
R304 stainless steel body with elegant design.
15 liter super big capacity bowl to keep the large supply at short time.
Unique double side evaporating cylinder.
Magnetic drive reduce the energy loss.
Food-grade high denisity polycarbonate bowl, healty and envrional protection.
Bowl and faucet easy to disassemble for quick cleaning and utmost hygiene.
