Rich Aromatic Coffee, Awakening Senses.

Patented Grinder & Brewer

Built with Jetinno patent grinder and espresso brewer , perfect coffee extraction, all for a delicious cup of coffee.

Superior Designs

Optimized internal structure, improved internal dehumidification system, and enhanced operational efficiency; the overall sealing upgraded to prevent foreign objects from entering.

Large Capacity

Enlarged equipment size and canisters capacity, suitable for high-frequency and space-limited scenarios, reducing the frequency of adding ingredients.

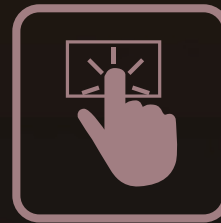

Fresh Ground

Espresso Brewing

Milk Foaming

Touch Screen

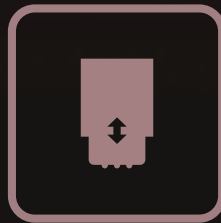

Cashless Payment

Fast Dispensing

14" Screen

Adjustable Spout

Visible Hopper

10+ Drinks

Auto cleaning

Remote Control

Impressive Large 14" Screen

Reliable & Modular OCS Machine

14" Touch Screen

Both customer user interface and operator user interface are friendly design, Android system based, easy operate.

10 + Drinks, Customized Recipes

Making fresh black coffee, powder milk coffee, instant coffee, recipes allows to adjust by operator.

Fast Production

Professional commercial components provide stable pressure and temperature for coffee extraction, enabling a quick 45-second brewing time and reducing user waiting time.

Smart Cleaning

Scheduled auto-cleaning reduces the risk of residual liquid in pipes, ensuring beverage safety and hygiene. Real-time monitoring of equipment status and sales allows for easy operation.

Multiple Water Supply

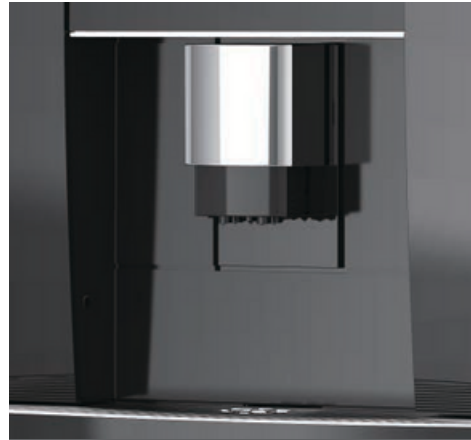

Automatic water refilling with bottled or external city water satisfies various scenarios' needs, eliminating the need for frequent water changes during peak periods and enhancing efficiency.

Details show talent

Visible Hopper

Freshly ground coffee visible, allowing consumers to truly experience the process.

Adjustable Spout

80-120mm adjustable range to accommodate different coffee cup heights.

Manual Drainage Valve

Fast discharge of boiler water, improve the speed of operation and maintenance.

Dehumidifying Fan

Solve the problem of moisture and powder caking in the canister.

Ease Maintenance

Real-time Alert

When malfunctions happen, the console will push a notice.

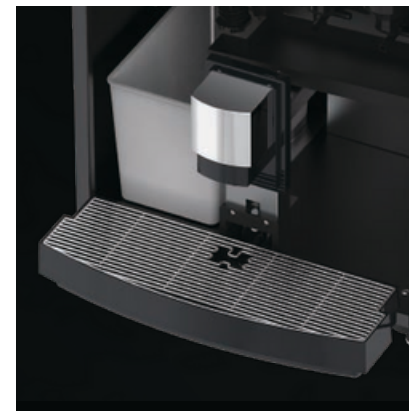

Detachable Design

Machine's key components apply detachable design, convenient to detach and clean for deep cleaning, easy maintenance.

Automatic cleaning system

The machine is fully automatic cleaning, and the production modules are cleaned separately at regular intervals to prevent the residual liquid from affecting the taste of the drinks.

Drip tray waste bucket

Easy to remove and place, improve operation and maintenance efficiency; Drip tray full detection function, screen and background alarm, convenient for the staff to deal with.

Jetinno SaaS Management

Support PC and mobile

Remote Control

Support remote control of recipes adjustment, machine setting, UI ads and video upload, machine system upgrade.

Malfunction Alert

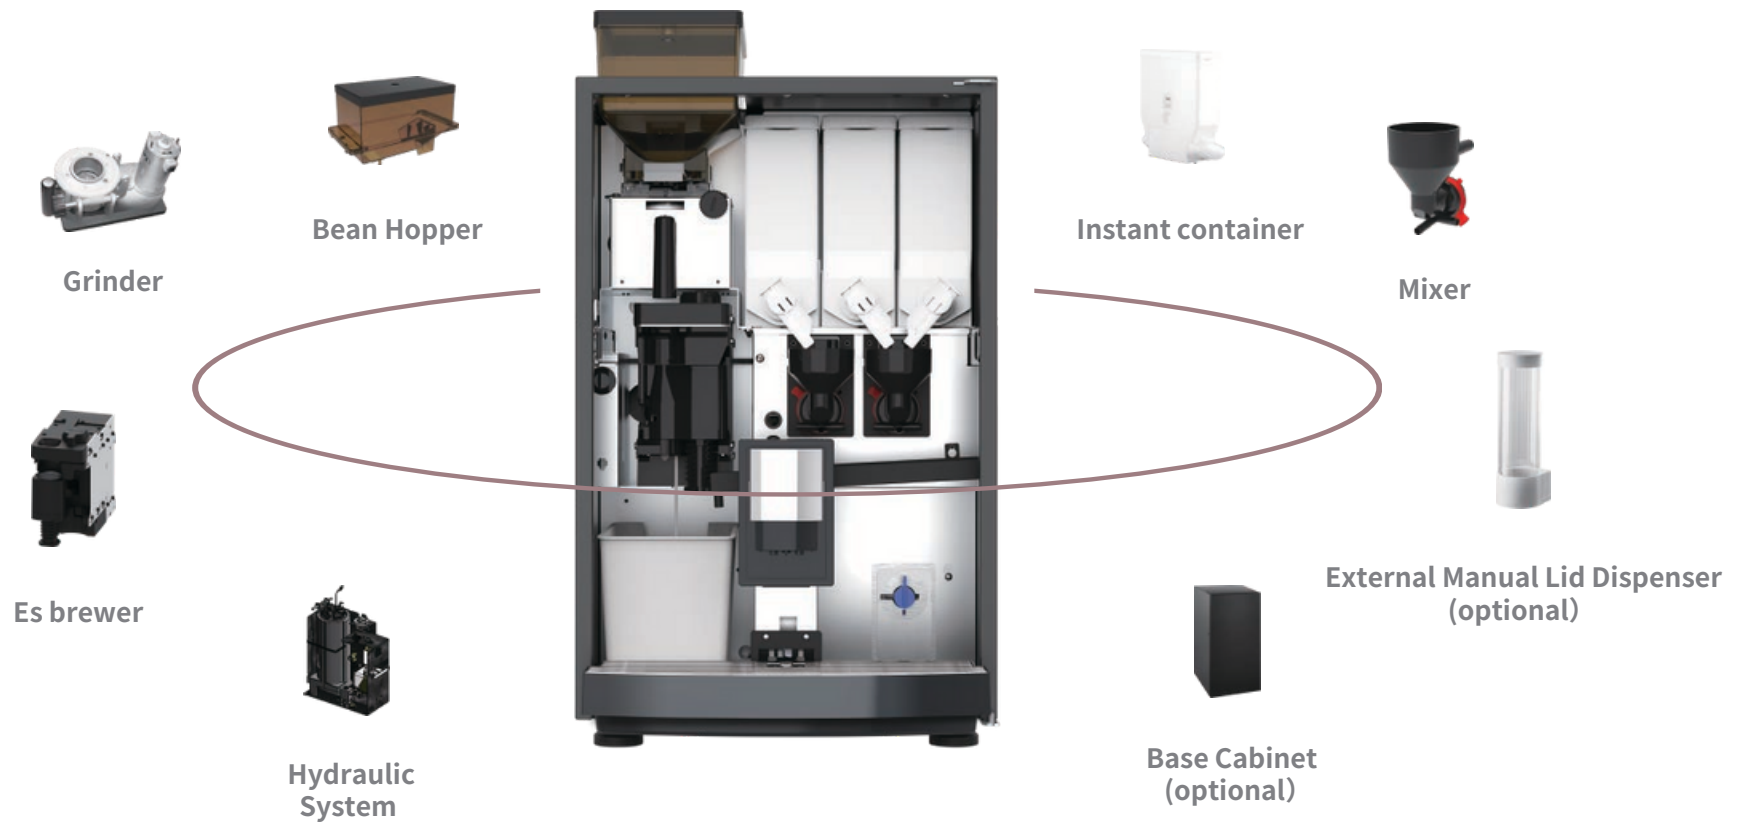

Real time machine malfunction alert, can push notice to machine operator.

Comprehensive Data

Location deployment data, drink sale data, payment data, all these data statistics help operator better in machine operation and coffee vending business.

Modular Design

Module combination design has been fully considered in the design stage, beverage production modules such as coffee extraction module and instant module flexible combination, easy for customers to put different scenarios of user beverage needs.

Jetinno Patent Hydraulic system

- 2700W heating power ensures continuous and stable water temperature.
- American EMERSON temperature control protection switch prevents boiler dry burning.
- Japanese OMRON temperature/pressure sensors monitor temperature and pressure.
- Swedish BACKERHTS 700mL large-capacity stainless steel high-pressure boiler.
- Italian ULKA high -pressure electromagnetic pump,
provides strong and stable extraction pressure.
- Valves, connectors, flow meters, and other components are from well-known
Italian and German brands, ensuring stable and reliable quality.

Jetinno grinder

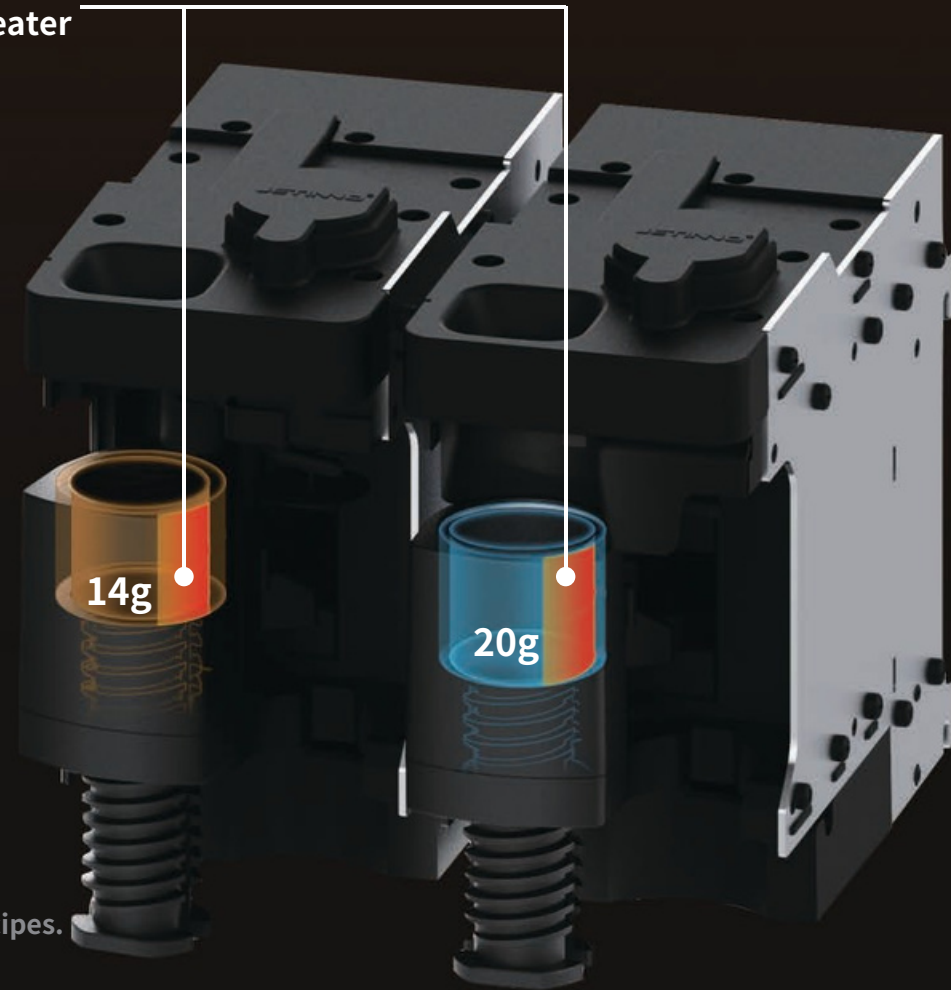

- Patented tech innovated by Jetinno.
- European well-known grinding blade brand.
- 64mm Flat burr grinder, special made steel, high impact tolerance.
- Grinder lifetime: 62500 times(can grind approx 500kg coffee bean).
- Adjustable coffee ground fineness, easy to use.

Professional coffee brewing system

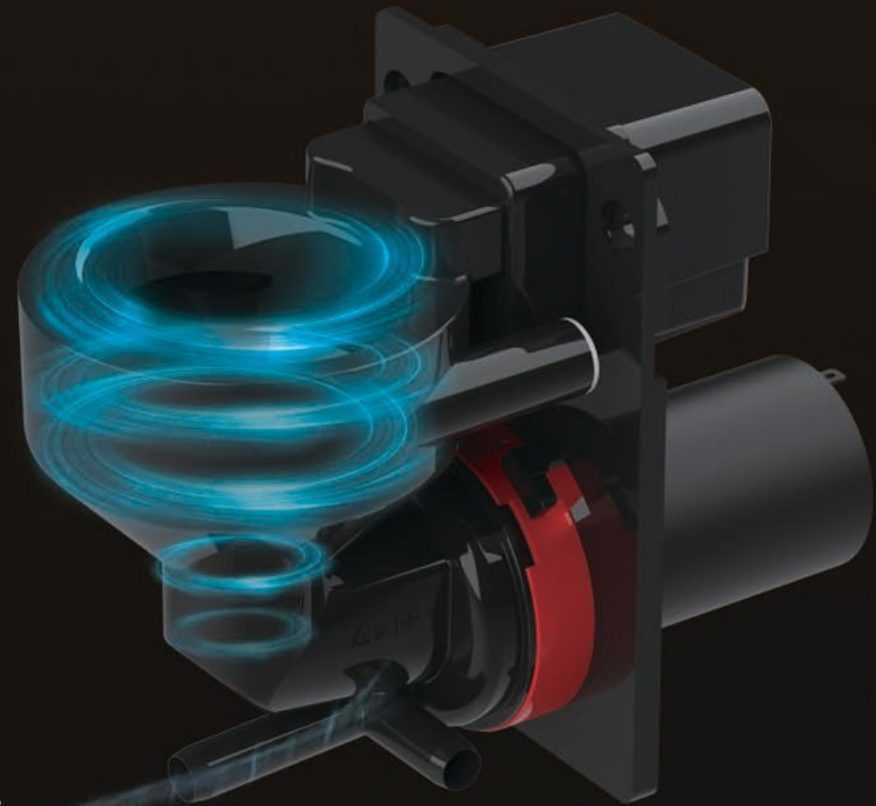

- Removable brewer module design, easy for cleaning.
- Jetinno PTC international patent, European time-honored brand applies the same type.
- Pre-infusion function to have saturated extraction.
- PTC heaters in brewing chambers, provide constant heating to solve low-temp of first cup.
- Built with 14g and 20g two brewing chambers, for different recipes.
- Detachable brewing chamber design, easy for deep-cleaning.
- Auto decompression function to discharge residual coffee liquid.

PTC
Heater

High speed stirring system

- Patented tech innovated by Jetinno.
- Detachable stirring chamber, easy for cleaning and maintenance.
- Up to 20000rpm stirring speed, rapid sufficient dissolution.
- Adjustable stirring speed for different recipes.
(milk foam requires high speed, instant coffee and tea drinks require low speed).

Multi-function main board

- Designed and developed by Jetinno.
- 8 core Cortex A7 CPU, 2GHz.
- Multiple network ports for network connection.
- Multiple displaying format ports and dual screen displaying.
- Up to 10-way ports expansion.
- Android system.

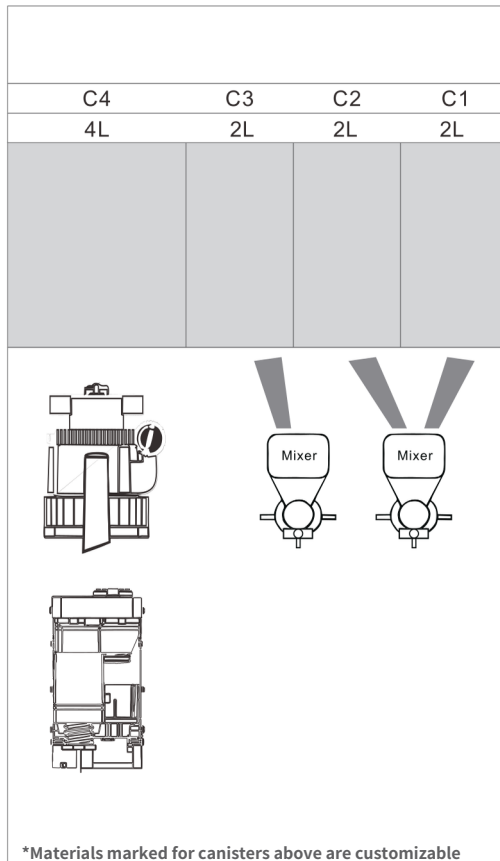

IO board

- Designed and developed by Jetinno.
- Quick response.
- Fast protection for malfunctioned unit.
- Precisely control all module units.
- Multiple ports expansion, can independently support 25-way control unit.
- Support various types of sensors, including temperature, humidity, flow and pressure.

Configuration	JL24-ES4C	JL24-IN5C
Bean Hopper Instant	1	×
Canister Jetinno	3	5
Grinder Espresso	1	×
Brewers Mixer Hot	1	×
water boilers Piston	2	3 or 4

Payment system	Default Tap water, optional barrelled water	Default Tap water, optional barrelled water
Operating System	Default Wifi, optional 4G	Default Wifi, optional 4G
SaaS platform Base	Default WeChat/Alipay, optional MDB device	Default WeChat/Alipay, optional MDB device
Cabinet Exterior	Android	Android
Sticker/Colour	Optional	Optional
	Optional	Optional
	Optional	Optional

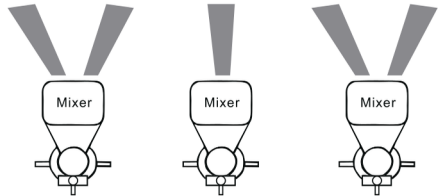

Configuration	Parameter
Displaying screen	14" touch screen
Bean hopper	1x1.5kg
Instant canister	3x 2L
Grinder	1 x Jetinno Grinder
Espresso brewer	1 x 14g, 20g (optional)
Spout height	80-120mm
Hot water boiler	1 x 700mL,2700W(220V)
Mixer	2pcs
Waste bin	1 x 50 cake, optional Slag Falling
Drip tray	1 x 1.5L, with optional external drain function
Water supply	Tap water(default), barrellled water(optional)
Power Supply	220-240V , 50/60Hz, 16A
Rated Power	2700W (220V)
Dimensions (W*H*D)	420*740*535mm
Net weight	45kg
Main Drinks : Espresso, American, Cappuccino, Latte, Mocha, Chocolate, Milk, etc.	

Daily Output:
150 Cups/Daily

Drinks Outpt(based on protocol DIN18873-2 hourly output)

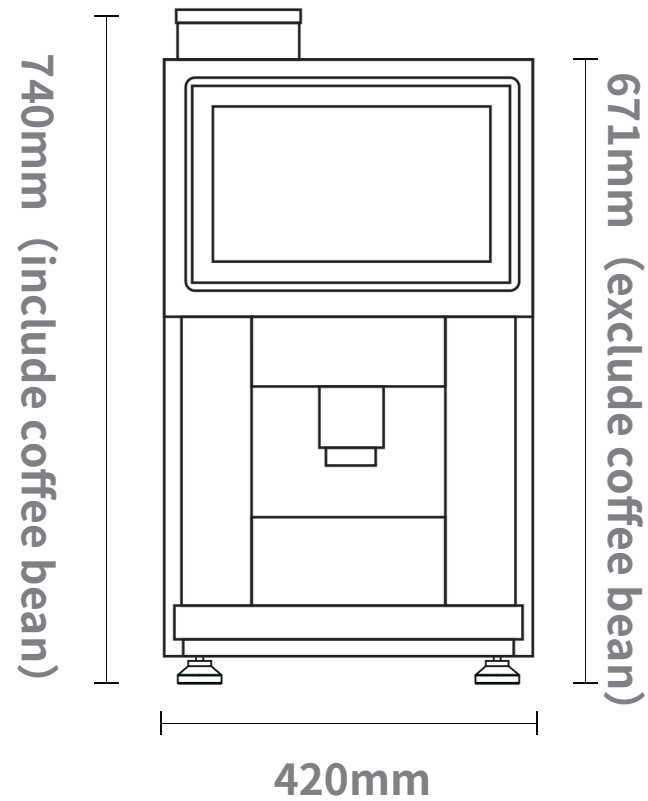

Espresso : 124
Americano : 100

Cappuccino : 105
Hot water : 240

					Configuration	Parameter

Deep customization

Name	Item
Ports	Open underlying control serial port protocol, support customer self-developed APP.
	Open network interface(TCP/IP), support customer self-developed server.
	Open RESTful interface, support customer online store and data system.
OS	APP application layer customizable development (Android).

Product: coffee machine cleaner

Use: used for coffee machine brewer cleaning

Details: 2g/pill, 100 pills/can

Product: coffee machine boiler cleaner

Use: used for coffee machine boiler cleaning

Ratio: 200g powder with 3.9L water

Details: 1kg/bottle, 6 bottles/case

Product: coffee machine cleaner

Use: used for coffee machine brewer cleaning

Details: 2g/pill, 100 pills/can, 12 cans/case

Product: cleaning brush

Use: used for coffee machine cleaning and maintenance

Details : general use
