Behaviour Support can help children, their families and care givers prevent or reduce behaviours of concern, which usually occurs when a child's needs are not being met by their environment, further impacting their quality of life.

Specialising in Behavioural Supports for Children and Teenagers, our services focus on developing positive parenting skills, support strategies and building solid relationships with children and teenagers.

Support Options

- Functional Behavioural Assessments
- Behavioural Strategies & Interventions
- Behavioural Management Plans
- Behaviour monitoring/observations and data collection
- Training in implementation of Behavioural Support Plans
- Regulated Restrictive Practices (RRP)
- Behavioural Management Plans & Training in Behavioural Management Strategies

Behaviour Support Practitioners

ZI was founded in 2023 by Therapeutic Behavioural Specialists, Grant Burton & Lea-Anne Bolstad. Grant & Lea-Anne have a combined 20 years experience supporting and caring for young people dealing with complex traumas, behaviours and disabilities.

At ZI our aim is to ensure our clients and families reach their goals and receive the best possible care through our innovative client-centred behavioural support programs.

Both Grant & Lea-Anne pride themselves on ensuring all services they offer are always client centred, focused & driven.

Grant and Lea-Anne have both studied and operate from a Strength Based approach using evidence based strategies that are supported by the CPS model.

Our goal is to maintain a small but highly experienced team that can provide the best support possible while maintaining our high level of engagement & connection with our participants and their loved ones.

At ZI we aim to support people and their families to navigate through challenges & reach their desired goals. We are a passionate team, with a wealth of first hand experience & knowledge, who understand the importance of early intervention and prolonged supports.

We are here to help and support our participants and those within the NDIS community and the young people and their families working with the Department of Communities and Justice.
