Date of adoption of constitution: 23rd October 2020

## ATTRACTIONS in brief

We deliver value our members won't find elsewhere, except in MUGSOSA.

1. We offer solidarity support to members in form of freewill drives based on the principle of benevolence and reciprocity. We are present when a member needs us during happy and sad moments.
2. We offer post-life condolence packages and tributes to registered members. Registered members are expected to fill and sign a next-of-kin form upon registration.
3. We offer access to a wealth of useful information, within a diverse cross-disciplinary spectrum. We have an engaging Plenum with debates, panel discussions and other competitions.
4. Members are compelling ambassadors for us, and we lay emphasis on a member-brings-two-members principle.
5. We have a simple plan for upgrade to registered member status, effective from the day of joining plenum. JOINING PLENUM DOES NOT MAKE ONE A REGISTERED ® MEMBER. All you need to do to be a registered member is to pay a lifetime registration fee of 5.000fcfa + 5.000fcfa per year totaling 10.000fcfa for the current year, and accordingly 5.000fcfa in annuity for subsequent years.
6. You can become your chapter or class delegate, representative to the MUGSOSAN Assembly of delegates (ASDEL), Conventions and Golden Jubilee Special Envoy from Cameroon or the diaspora. You can also enjoy the specific benefits of belonging to chapters and classes.
7. You can serve in standing and ad hoc committees and can elect or be elected member (s) of the General Executive Committee (GEC) that is responsible for policy formulation and implementation.
8. You have a direct chance to give back to the Alma Mater through MUGSOSA JOINT SCHOLARSHIPS, and eventually in form of individual scholarships. In this case you make your own success and blessings trickle down to our juniors in the Alma mater. In many ways you can be a career pilot, motivator, coach, and pathfinder to other MUGSOSANs. You can benefit from these voluntary group support.
9. You have a chance to seek external funding to assist the association to carry out its objectives stated in the constitution and bylaws.
10. You have the best opportunity to exert influence to bring civility on our social media platforms. You will be able to make your voice heard in our resolve to stop bullying, hate speech, spam and other irrelevant links or dubious social media behavior and promote a culture of kindness, decorum, healthy debates, and respect.
