

## NIFTYMON - PROFESSOR N.R. BOT - USER MANUAL

### Table of Contents

Introduction  
Setting Up Command Descriptions  
Battles & Exploration  
Mining

### 1. Introduction

Welcome to the world of Niftymon, a unique integration of NFTs on the Ravencoin blockchain within Discord. With the Niftymon Mint Bot, users can mint NFTs, engage in thrilling battles, and immerse themselves in the Niftymon universe, all from the convenience of Discord.

### 2. Setting Up

Before diving into the Niftymon universe, users need to set up their Ravencoin address:

`!address <paste_Ravencoin_address>` Registers a Ravencoin address with the bot.  
Your minted Niftymon will be sent to this address.

### 3. Command Descriptions

#### Balance & Token Management

`!loadbalance` Retrieves your current NIFTYMON Token balance.

Each NIFTYMON Token is used for minting.

`!buy <amount>` Purchase a specific number of NIFTYMON tokens.

1 NIFTYMON Token is equivalent to 150 RVN.

`!buy_pack` Acquire a pack of 10 NIFTYMON tokens at a discounted rate of 1,000 RVN.

After transferring the RVN, paste the transaction ID (txid) for verification.

`!verify <paste_txid>` Verify your transaction by pasting the transaction ID. (ONLY FOR

`!loadbalance` command.

This credits your balance with the purchased NIFTYMON Tokens.

!account

## 5. Mining with your Niftymon

Your Niftymon can now mine NIFTYRAVEN.COM TOKENS!

What are the tokens?

Whats in the rewards wallet for this months distribution?

# Obtain from a Ravencoin Marketplace.

I have a NiftyMon Token, Now what?

Step 2: Hop into the Nifty Raven Discord server, meet the Ravecoin community too if you want!

**Join the NiftyMon mint Channel!**

In the channel list, you will see the NiftyMon mint channel, this is where you will mint a NiftyMon Card. The card will be Automatically generated, then sent DIRECTLY to your wallet.

**Form a TEAM by Collecting 3!**

The game is NiftyMon3 NiftyMon3 NFTs to the "Referee" (NiftyMon Bot). The opponent also does this. The NFTs are sent directly back to the holders. The game auto commences and a battle ensues! Will your team have what it takes?

Where do I play? (Click it-I dare you)

Health/HP (Left - Blue) and Attack/ATK (Right - Red)

Stats per Rarity:

- **Basic** - 2 HP min, 5 HP max : 1 ATK min, 1 ATK max
- **Holo** - 4 HP min, 7 HP max : 1 ATK min, 2 ATK max
- **Shiny** - 6 HP min, 9 HP max : 2 ATK min, 3 ATK max

(Click on the Rarity to see HOW to tell the difference between rarity.)

## -ABILITIES-

**UPDATED: 10:57am EST 9/9/23**

Heal: 45% chance

🌿 Heals the Niftymon on your team with the lowest HP back to its original value.

Curse: 25% chance

● Reduces the HP of all Niftymons on the opposing team by 50%.

Berzerk: 25% chance

🔥 Increases the attack of all Niftymons on your team by 2.

Block: 35% chance

🛡️ Enables your Niftymon to block the next incoming attack and then immediately counter-attack.

Dodge: 40% chance

👉 Allows your Niftymon to dodge the next attack, making it completely ineffective.

Resurrect: Dynamic chance!

🕊️ Upon death, gives a base 25% chance to resurrect the Niftymon back to its original HP.

🌟 **Here's the interesting part:** the chance increases by 10% for every turn that has passed in the battle!

Leverage these chances and strategize your battles accordingly! Remember, knowing when and how to use your abilities can make all the difference between victory and defeat.

# -HOW TO PLAY-

Each team consists of 3 NIFTYMON per team. The game is fully automated. You send your NFT in for registration and it immediately sends the NFT back to your wallet. This is to ensure players actually hold the NFT registered. Once both teams are registered the game will automatically commence the battle. Choose your 3 Niftymon wisely! Abilities matter!

## -MINING 101-

- **Step 1:** Obtain a Niftymon NFT (Unique Asset of NIFTYMON)
- **Step 2:** Register your Niftymon for mining by heading to the Nifty Raven Discord, enter the niftymine channel and type: `!mine_reg mint#` (*mint# = the # in your unique asset name, it is used to identify the sequential order the unique asset was minted in.*)

## NIFTYMON ENERGY

- ❖ Check your Niftymon's status by typing: `!status` in the niftymine channel!
- ❖ If your Niftymon runs out of energy, you can refill the energy of that Niftymon by typing: `!refresh mint#`
  - This will prompt the owner of the Niftymon to send in a NIFTYMON/NIFTYBALL to a newly generated address to refill the Niftymon's energy to 100%!
- ❖ Each time Niftymon return from the niftymine with rewards from "mining" they lose 10% energy, each Niftymon.
- ❖ Experience from battles and training now increase the rewards received from mining! You can see a Niftymon's "Bonus %" which increases the reward by that amount. Up to 100%. If your Niftymon run out of energy, they receive no rewards for mining!
- ❖ Up to 3 Niftymon can be registered to mine. *\*2 additional slots can be upgraded\**
- ❖ *NIFTYMON/NIFTYBALL can only be obtained through mining with your Niftymon or "2nd hand sale."*

# Nifty Mon

## MINING

When you register 3 Niftymon for Battle, your Niftymon while inactive will "mine" NIFTYRAVEN.COM Tokens. The rarer the Niftymon, the more potential Tokens mined. EVERY Niftymon has equal chance to mine a NIFTYMON/NIFTYBALL, these are used to catch Niftymon upon Season 2 release.
