

# Reef Geeks™ SteriMix Pro

## Water Steriliser

### What it is

Reef Geeks™ SteriMix Pro is a solution designed for sterilising water before phytoplankton culture, reef applications, and aquaculture use.

### What it does

- Eliminates bacteria, spores, and unwanted contaminants
- Provides consistent, repeatable sterilisation results
- Ideal for phyto culture water prep and equipment sanitising

### Why it's different

Unlike household bleach, SteriMix Pro is formulated specifically for **controlled dosing** in reef and culture systems.

**Use with:** Reef Geeks™ Dechlor Pro

## DOSING

### Sterilisation dose:

**1 mL per 1 L of water**

### Contact time:

30–60 minutes

**⚠ MUST NEUTRALISE BEFORE USE**
