

THE UNION PARTY PLATFORM.

Political Union With the United States the Leading Principle.

UNALTERABLY OPPOSES MONARCHY.

The Document as Reported by the Sub-Committee Contains Nine Articles and a Pledge—Free Labor and a Liberal Land Policy Endorsed.

The following is the text of the platform for the Union party, adopted by the sub-committee of the committee of thirteen. Though not long it is the fruit of much thought and discussion:

For the promotion of the best interests of all the people of the Hawaiian Islands and for the organization of a party having only this object in view, the following is adopted as a declaration of the principles upon which the organization to be known as "Union Party" is to be established, and upon this platform we invite the co-operation of every friend of good government.

1st. REPRESENTATIVE GOVERNMENT.—The Union Party is unalterably opposed to any form of monarchical government in the Hawaiian Islands, and declares its full allegiance to the Provisional Government, endorsing the proposal for a constitutional convention looking to the extension of popular representation in the Government.

2d. POLITICAL UNION.—We declare our leading principles to be the accomplishment of a political union with the United States of America and the maintenance of a stable and honest Government.

3d. PUBLIC LANDS.—We favor such legislation as will promote the occupancy of all public lands, including those heretofore known as "crown lands," by small holders, and foster the development of varied industries, believing it to be of vital importance that "many acres" should be for "many men."

4th. CITIZENS' RIGHTS.—We declare that all citizens are equal before the law and we are opposed to monopolies or privileged classes, favoring participation in the Government by every loyal citizen.

5th. ASIATIC LABOR.—We favor the promotion of immigration of Portuguese and other European laborers, and such legislation as will prohibit the immigration of Asiatics to these islands, except for strictly agricultural pursuits, rigid restrictions being enforced by proper laws to prevent their engaging in any other occupations.

6th. PUBLIC WORKS.—We favor the immediate establishment of a comprehensive system of public improvements that shall be of permanent value to the country, and afford needed employment to the laboring classes, but we declare against importation of labor and material of any kind whatsoever for use on public works which can be obtained in the home market, and materials which must be obtained from abroad should be obtained through local dealers in open competition.

7th. PUBLIC OFFICES.—We hold that no person should occupy any position of trust or profit under the Government who is not loyal to the same.

8th. PRISON LABOR.—We oppose the employment of prison labor in any mechanical pursuits.

9th. TAX SYSTEM.—We favor a revision of the tax system whereby all property, improved and unimproved, shall be taxed on an equitable basis.

The following pledge will bind the members together:

PLEDGE.

Declaring that I am opposed to any form of monarchical government in the Hawaiian Islands, and that I hold no allegiance to any organization which is not in sympathy with the Provisional Government and with the principles set forth in the platform of the "UNION PARTY," I, the undersigned, do solemnly declare in the presence of these witnesses that I will support the Provisional Government and will adhere to the principles laid down in the platform of the "UNION PARTY" and embodied in the by-laws of this club.

Dated this day of , 1894.

THE BOARD OF HEALTH.

The Supposed Scarletina Case in Hilo Discussed.

The Board of Health met yesterday afternoon, with President Smith in the chair. There were present Members Waterhouse, Lansing, Ena, Dr. Miner and Agent C. B. Reynolds. Doctors Cooper, Emerson, McKibbin and Williams (of Hilo), were also present.

Dr. Williams spoke of the recent prevalence of what was supposed to be scarlatina in Hilo, and said that he had not believed it to be scarlatina, though the majority of the Hilo physicians had decided that it was, but in a very mild form. The cases were all quarantined, but there had been considerable trouble in carrying out the regulation. The disease would break out in places four or five miles apart, when there was absolutely no chance of communication. He explained the system of quarantine, and said there were at present three cases in Hilo district. He asked that the quarantine be raised, as it worked great hardship on the people so situated, and there did not seem to be any need of such rigid surveillance.

The other physicians present expressed the opinion that the disease was not scarlatina at all. It was decided, after a short discussion of the matter, that the quarantine in such

cases be modified to the extent of removing the quarantine and placing the patients upon their honor not to allow any outer communication, the children of the infected family not to be allowed to attend school, and that a flag or some other sign shall be placed before each house in which the disease exists. The whole matter of quarantine will be left, however, largely to the discretion of the physician in charge. If any of these regulations shall be broken, a guard will be placed over the house, at the expense of the sick family.

The quarterly report of Dr. Oliver, of the Leper Settlement, stated that forty-two deaths had occurred among the lepers during the last quarter.

President Smith reported that the Land Commission had returned from Molokai, where they had been setting valuations upon the land that the Board proposed to take for its own uses. They would sit again Monday to take evidence of several parties here whose opinion was needed on the subject. In the majority of cases there will be no trouble, but some will take a little difficulty to settle.

After a few other minor matters were discussed, the Board adjourned.

FROM LOSS OF BLOOD.

Jim Kauhane, Cassire's Victim Is Dead.

At 4:30 yesterday morning, James Kauhane, the officer who was so terribly cut by the Spaniard Cassires last Monday, died at Queen's Hospital. He was buried at 4 o'clock yesterday afternoon.

Up to midnight Tuesday, Kauhane seemed to be resting as easily as was possible under the circumstances. He was in good spirits, and seemed confident of his ultimate recovery. He slept for a while and awoke at 2 o'clock, still seemingly in good condition. But about 4 o'clock he began to fail rapidly and died half an hour later. His death was caused by the great loss of blood which he sustained from the large number of cuts received from the knife in the hands of the Spaniard.

A large number of people attended the dead officer's funeral in the afternoon. The services were conducted by the Rev. H. H. Parker. When the service at the hospital were over, the procession started for the Kawaiahaeo cemetery. It was headed by a squad of police, under command of Captain Robert Parker. Then came the Band, followed by detachments from Companies E and F, commanded by Captain Good. Then the hearse, containing all that remained of one of the bravest police officers of Honolulu.

A large number of people followed on foot, as well as many in carriages. The streets along which the funeral cortege moved were lined with people who knew the story of Kauhane's murder, and who followed the cavalcade to the cemetery.

The pall-bearers were officers Nahau, Nohonhu, Kupihea, Kalkanua, Fernandez and Kaimahaau. Prominent members of the Government were present, including the Attorney-General, Marshal Hitchcock, Deputy Marshal Brown, and many others.

A post mortem examination of the body was held yesterday and a coroner's inquest will be held today.

Kauhane was one of the best known men on the force. He was thirty-seven years old, and a splendid example of physical strength. He has been on the force for fifteen years, and has acted both as lieutenant and captain. He left the force a few years ago, and after the revolution last year he again joined, but in the capacity of a detective. He has been one of Captain Larsen's most trusted men, and was a staunch supporter of the Provisional Government.

Mr. Davies Expresses His High Opinion of "W. N. A."

MR. EDITOR:—W. N. A. is now serious enough, and I am serious, also.

If W. N. A. desired to silence my criticisms of his philosophy, it was not necessary for him to invoke the aid of the Hawaiian Government, or of any other Government. He has the weapons in his own armory and he is not too proud to use them. W. N. A. makes choice of this gem:

"Mr. Davies may follow the example of the editor who answered to a charge of libel that no damage arose, because he was such a liar that no one believed him."

I do not contend with adversaries who pick up any weapon and hit in any fashion.

I am, indeed, thankful, for the sake of whatever friends he may have, that W. N. A. has not divulged his identity.

I am, sir, Your obedient servant, THEO. H. DAVIES, Honolulu, Feb. 21, 1894.

Highly Complimentary.

Not only the right of the case, but all the honors of diplomacy and courage are with little Hawaii. We are proud of the brave, liberty-loving men of American descent in those islands who, conscious of right, had first overturned a tyranny and then, though struck with amazement that the Government of the country from which their fathers came should have required them to restore the tyranny, had the manliness to stand up against the blundering President himself, to tell him that he should not replace tyranny except over their bodies, and appeal from him to the greater people of the United States. Such patriots deserve their liberty. They would make a worthy addition to the sovereignty of the United States.—N. Y. Independent.

UNFORTUNATE JAPANESE.

Eleven of Them Mulcted \$200 Apiece for Gambling.

One of the wise individuals who measures out justice to the wicked in remote country places has just been giving the Japanese a deal in North Kona. The judge—an Hawaiian—convicted eleven Japanese who were before him on the ordinary charge of gambling, and gave nine of them a fine of \$200 apiece. The other two came off easier.

The unlucky Japanese were about to be shipped off to the Volcano road to work off the fine, though as it would have taken sixteen months to work it out, their job would have probably outlasted the road. They had not appealed, as they had no money, and apparently no friends.

The ADVERTISER is informed that an appeal has now been taken.
