How to take part:

- From time to time we will issue a Challenge on a theme
- You will be able to submit any type of creative work (unless the challenge is limited to a particular medium) to express that theme:
 - visual artwork e.g. painting, drawing, printmaking, computer aided design, textiles, photography, sculpture, video art, collage, short films
 - written and spoken work e.g. poems, short essays not more than 500 words, presentations
 - music of all genres e.g. voice to percussion, jazz to soul, street to polyphony
- There are limits on size and these are set out below
- It must be your work
- We will select as many as we reasonably can for display on our website or social media and we may do so for a limited period of time in order to show more
- We expect at some point to hold a physical exhibition in the village so please keep the work you create safe. Please do not feel that your work has less value if it is not selected.
- We know that you will understand that we cannot accept anything that is not suitable for a family environment, that is offensive and, because we are Rotary we leave political and religious beliefs at the door. It must comply with Coronavirus guidelines.
- To enter you will need to send us your work using the online entry form. There are important Terms and Conditions you should read and don't forget the restrictions on size.
- Rotary's theme for this year is 'Rotary Opens Opportunities' and for some of our challenges we will be offering Opportunities or competition prizes.
