BLADES / CORE BITS AND MISCELLANEOUS TOOLS

Warranty defect claims on Granite Blades, Core bits, or any granite accessory tool, must be made before the tool is used. Warranty defect claims include chips and/or cracks on the tool. Warranty defect claims will not cover items that show signs of having been used or mishandled.

SPECIAL ORDERED ITEMS

There are no refunds or returns for items that are special ordered.

Normal wear and tear or damage from daily use is not warranted. For example, "living finishes" on unsealed items such as copper, bronze, nickel, teak, and bamboo can be expected to naturally change over time and with normal use. This is not considered a defect and is not covered under our warranty. Other exclusions include damages incurred as a result of installation, replacement or repair, and damages due to improper cleaning, misuse or neglect.

*All returned items **MUST** be in their original box of purchase along with the template. Customer must show proof of purchase. Ripped boxes, dirty items, or sinks that have already been installed will not be accepted. Returned Items may be subject to a \$25.00 return Fee
