Well what can I say, been looking for a good window cleaner and now have found one. Clean windows and frames plus a clean front door to boot. Windows were dirty so he had his work cut out. Good job all round, would certainly recommend him.

After trying several local companies, I am really pleased with the clean from West Country Window Cleaning. Having a monthly clean and being able to pay online makes it very easy. Would highly recommend.

An excellent job on a 300 year old house whose windows hadn't been cleaned for many months. And at an extreme competitive price!

Fantastic to meet Oli today. He was able to fully clean our gutters and fascia boards and made it look simple. Punctual, clean and a respectful service. Definitely recommend this company and

Had my windows & gutters cleaned. Very happy with the result and that I was given feedback about a potential problem with the guttering.

Fascia Cleaning

Many homes have had their fascia and soffits replaced with white uPVC. Over time, these can turn green and black as dust and algae build up. Keeping them clean is easy with our pure water wash system. Included in the price are the fascia & soffit boards and the outer plastic of guttering.

Conservatory Roof Cleaning

The roof is a separate service, with a minimum charge of £50. We clean glass, PVC and polycarbonate roofs.

Camera Vacuum Gutter Cleaning

The leading cause of damp in homes is blocked guttering. By using a camera monitored vacuum, we are able to clean your gutters from the ground & reach places where a ladder cannot. There is no mess to be clear up at the end!
