

PROTECT you and your team from NEEDLESTICK INJURIES

The perfect solution for RECAPPING and DISPOSAL, NopoGuard is the only reusable, on-syringe sharps safety device that works with your existing syringes and needles.

Safety made simple. Slide and twist.

COMPATIBLE

All the same comfort with increased safety, NopoGuard seamlessly integrates into your existing workflow so there's no need to adopt new instruments or equipment.

RELIABLE

Engineered to meet FDA's requirements, NopoGuard gives you the confidence you need when delivering critical patient care while protecting you and your team.

REUSABLE

Each NopoGuard can be sterilized and reused a minimum of 250 times, saving you money, reducing time spent on ordering, and minimizing your practice waste.
