

RESTORATIVE PRACTICES/ SCHOOL CLIMATE ADVANCED TRAINING

**A workshop for CT school
Leaders and their team members**

Facilitated by
Jo Ann Freiberg, PH.D.
& Pat Ciccone, C.A.G.S., L.P.C.
School Climate Consultants, LLC

**Join us for School Climate One Day Overview
after the successful completion of the 2 day
comprehensive basic training in Restorative
Practices to gain the knowledge and skills to:**

- Embrace restorative practices as a way of thinking, being, and operating daily
- Shift from punitive consequences to restorative approaches
- Create conditions for positive, trauma-free community building
- Establish necessary systems for forming, transforming, repairing, and supporting strong relationships
- Explore restorative practices as a social/relational model, not behavioral
- Apply concrete and practical strategies for classroom and school based routines
- Conduct circles and conferences in both prevention and intervention contexts

**The 5 day professional development advanced
training can only be taken after the successful
completion of School Climate basic training to
develop richer understanding and skills to:**

- Gain a much richer understanding of the content central to school climate improvement
- Focus on the work as a primary "driver" for student and school success, both academic and social/behavioral
- Receive information about different learning styles as well as how to facilitate training for adults
