

Ethnic/racial
illiteracy; poor
understanding
of culturally
different
peoples.

Same as
ignorance, but
stress on
stereotypes
about
cultural/racial
groups.

Bad experience
with
cultural/racial
groups.

Racism and prejudice
with a purpose. Racism
represents something
more basic, such as a
desire to maintain
class/caste system in
which minority groups
remain second-class
citizens. Frustrations
ostensibly caused by
racial/cultural group;
thus, racist hostile
toward members of the
group.
