

YES! TO CENSUS 2020

**YES TO OUR FAMILIES.
YES TO STRONGER NEIGHBORHOODS.
YES TO OUR GRANDPARENTS.**

Every 10 years, the census shows how many people are in Waco-McLennan County to decide how much federal funding and representation we should receive. This money supports programs like school lunches, SNAP, Medicaid, and the Medical Assistance Program.

Call 1.800.923.8282 or visit 2020census.gov to fill yours out starting in March.

*The total financial impact of the census can not be determined precisely per capita. Numbers used apply to the State of Texas and are provided by Counting for Dollars 2020.

Your responses to the census are important, and they cannot be shared with anyone. In fact, they're even protected by law from other branches of government.

We could miss out on over *\$15,000 per person not listed on the census. Everyone should fill out Census 2020 so we don't lose millions of dollars in the next 10 years!

Let's say no to undercounting in our communities and #YESstotheCensus.
