## ABOUT ANTHONY POWER BAKER

I'm Anthony Power Baker, a former Navy SEAL Captain with 26 years of leadership experience in some of the world's highest-stakes environments. Through APowerBaker Consulting, I help organizations build high-trust, accountable teams and navigate mission-critical challenges using proven elite military leadership principles.

From leading teams as a front-line supervisor to serving as Director of Navy SEAL Basic Training (BUD/S) to overseeing 2,000+ personnel across multiple continents, I understand leadership at every level.

For the past five years, I've partnered with organizations through keynote speaking, leadership workshops, and executive coaching to harness the **The Power of Teamwork**. Together, we anchor performance in core values to create disciplined, results-driven cultures that strengthen teams and elevate impact.
