Blaze was a KIND member of our community whose life was tragically cut far too short. In his father Gideon's own words "we continue to be amazed by the good that is being done both near and far. Each story fills our hearts with hope for humanity. We take another step in this direction today as we look to bring some good to this tragedy and to ensure Blaze's name and legacy are never forgotten."

We encourage you all to read about Blaze's lovely life written by his talented Mother at:
