CREST CONSORTIUM

ABOUT CREST CONSORTIUM

Our Charter

A high point of an action or process to rise to a CREST or the Top. CREST was formed by thought leaders in MedTech, Healthcare, Wellness, Pharma, Technology and Aging to provide guidance and thought leadership in these verticals in the areas of Clinical, Regulatory, Equity, Science and Technology regarding setting standards and practices to guide the healthcare, wellness & medical industry to new advancements and to allow our membership from these areas to be thought leaders, communicate, educate and learn from each other.

CREST is a membership organization composed of regulatory affairs professionals, technologists, policy makers, government medical & healthcare agencies, insurers, healthcare and medical companies and life science professionals from the Southern California area who are interested in expanding their knowledge & thought leadership through educational programs and networking with one another.

Our History

Established in 2021, CREST CONSORTIUM has been a leading voice in promoting and protecting the interests of Collaborative Research and Education in Science, Technology, Clinical Therapeutics, and Medical Technologies, while promoting equity across these ecosystems. Over the years, we have grown to become a reputable and recognized organization in our industry.

Our Membership

Our membership comprises of a diverse group of businesses, individual professionals, and students in the Collaborative Research and Education in Science, Technology, Clinical Therapeutics, and Medical Technology areas. We offer a range of benefits and services to our members, including networking opportunities, advocacy, and access to industry-specific resources & events.
