

Colyer Street

'00' GAUGE – DCC

Colyer Street Description

Colyer Street is based in the suburbs of Glasgow in the 1980's BR blue period, with a small terminal station and a wagon works. Freight trains serve a brewery which stands behind the station.

All locos are DCC sound fitted, detailed and weathered. Uncoupling uses Kaydee un-couplers, points are DCC operated.

← 10 ft viewing from front → 5ft fiddle yard
