

Saltaire in T-Gauge

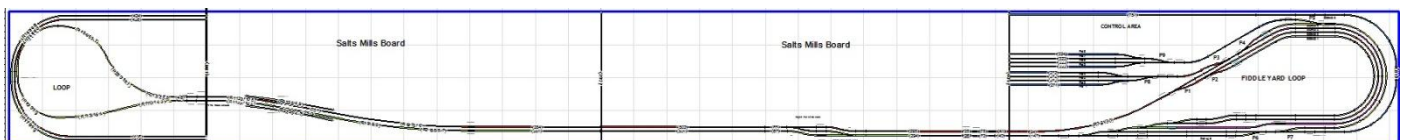

Saltaire in T-Gauge scale 1.450 based on the World Heritage Saltaire Mills near Shipley in West Yorkshire in England.

Layout was started in 2022 with the Mill on the Main board with Saltaire Station and then following the tracks towards Shipley with the canal following the not too far apart. Based upon era of the modern age 2018 and onwards

The layout will be based on a dog bone type layout configuration and as it is a main line running there will be different types of trains and consists of freight with specials.

Salts Mills Layout Track Plan

400mm by 42000 = 1.3 Foot by 14 Foot
