

For Immediate Release

Shawn Davis

Champion Township Road Superintendent

February 5, 2021

Champion Township Clean-up Day-2021

Champion Township Trustees and Community Groups, in an effort to keep the Township attractive and free of debris, and provide residents with a means to dispose of household waste and used tires have designated Saturday April 24th, 2021 as Township Cleanup Day.

Volunteers and members of Community Organizations will target roadsides and remove litter that has accumulated along them. Please be vigilant of these volunteers as they work on and along the roadside.

Champion Township will accept used tires (on and off the rims) at the Township yard adjacent to the Cemetery between the hours of 8 am and 2 pm on April 24th. Disposal of 8 tires per resident is permitted excluding large truck tires and rims which are not permitted. Disposal of these tires is funded through a Grant provided by the Geauga-Trumbull Solid Waste District

Household waste such as yard debris, unusable appliances, old furniture, used clothing etc. can be dropped off also between the hours of 8 am to 2 pm April 24th at the Township Yard. Dumpsters provided by the Township will be available with personnel to assist you. We cannot accept hazardous waste such as chemicals, paint, antifreeze etc. We also cannot accommodate large quantities of construction debris such as concrete blocks and large quantities of shingles.

Any questions can be answered by calling the Road Department at 330-847-8915.

Thank you for assisting us in our efforts to keep Champion Township litter free and to provide residents with a means to dispose of their household waste and unwanted tires.
