

## 2025-2026 Season

Attached you will find our 2025-2026 season class schedule. We are excited to begin our 35th season and offer classes Monday through Thursday as well as Saturday this season.

Registration for our next season is now currently open for current students. If you are a current/returning student you will need to register to save your spot for September; just complete the attached form and include the registration fee as well as September's tuition. **Early registration brings 50% off the registration fee and will be entered into a drawing to win a free year tuition. *Early registration is open until June 21st and only to current students.***

This year we will be offering a **referral incentive** as well. If you refer someone and they stay for 3 months, you will receive \$10 off one month tuition. If you are able to get 5 friends to join and stay for 3 months, you will receive a free month's tuition. Bring those friends in to experience our program.

Remember our classes will fill up quickly. We look forward to having you return next season.

Please let us know if you have any questions in regards to our 2025-2026 season!

**\*Season begins Tuesday, September 2nd!**
