

CALVARY UNITED METHODIST CHURCH

THREE-PHASE JOURNEY OF REVIVAL AND RENEWAL

We are embarking on an ambitious **\$1 million campaign** to transform and enhance Calvary's facilities. This multi-phase initiative will focus on significant upgrades to both the interior and exterior of our church, including **critical improvements** to restrooms, fellowship areas, and key structural elements.

The campaign will be carried out over the next **two to three years**, with immediate plans to complete the restroom installation and entryway improvements this year.

This campaign is an **investment in our church's future**, ensuring we have the facilities needed to better serve our growing community, foster connection, and further our mission.

PHASE 1

This year, in 2025, we will complete the restroom installation and entryway project, setting the foundation for the next phases of transformation.

PHASE 2

Complete the exterior restoration, including repointing, roofing, replacement of decorative features, and final window repairs.

PHASE 3

Updates to the fellowship hall, basement restrooms, and kitchen – plans are yet to be determined.

Together, we can bring this vision to life and build a stronger foundation for Calvary for the years ahead.

PHASE 1: GOALS TO BE ACCOMPLISHED

Phase 1 is more than just an upgrade; it's a celebration of care, service, and community, ensuring that even the most practical spaces are designed with purpose and dignity.

These improvements focus on enhancing accessibility, energy efficiency, space utilization, and safety, fostering a more comfortable and welcoming environment for both Calvary and our community.

- ✓ Install ADA-compliant restrooms on the first floor.
- ✓ Upgrade existing restrooms for ADA accessibility.
- ✓ Enhance accessibility at parking lot, parlor, and sanctuary entrances.
- ✓ Install zoned heating and cooling in the parlor and second-floor offices.
- ✓ Upgrade main furnace with zone heating for energy efficiency.
- ✓ Provide heating at the parking lot entrance.
- ✓ Relocate the kitchenette to maximize space efficiency.
- ✓ Add additional lighting to the sanctuary entrance.
- ✓ Create a dedicated utility closet on the first floor for cleaning supplies.
