

Music at Padgate

2021-2022

Creativity and confidence

How have I developed this year and what skills have I developed to take with me to study music at Year 8?

Programme Music

Listening and responding to music and composing own music in response to a stimulus.

Festival Band Skills

Working in groups to put together a performance of a song preparing for a performance.

Fostering ensemble work

Group work skills and creative thinking.

Advanced Just Play

Building on Just Play from year 7 learning more complex chords and techniques on guitar/ukulele/keyboard.

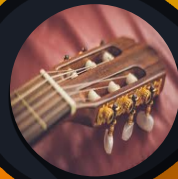

Listening skills

Developing analytical listening skills in music by completing listening tasks and analysing music with 4 chords to inform practice and perform.

4-Chord Song Composition

Using 4 chords (C,G,Am and F) to compose own original pop song with a melody and lyrics.

Music Technology

Using loops to compose an original piece of music through the use of BandLab to present to the class. Learning music technology terminology to prepare for BTEC Music.

Advanced Rhythm and pitch notation

Reading accidentals and dotted notes in the sheet music.

Advanced Keyboard performance

Starting off year 8 with a keyboard performance expanding and building skills developed in year 7. Fostering a positive environment of performance.

Year 8 Learning journey
