

# Music at Padgate

2020-2021

## Looking to the future

How have I developed this year and what skills have I developed to take with me to study music at BTEC?

## The Music Industry

Learning about how a pop band functions, practises and performs and elements of the music industry. Using group skills to put together groups and perform a piece of music.

## Ensemble Performance

Learning about what it takes to work with others to perform music to an audience. Group work skills and creative thinking.

## Hip-Hop

Exploring hip-hop music, elements of it and how hip-hop has changed the music industry.

## Composition

Composing an original piece of music using music technology. Learning about structure in music.

## Music Technology Project

Using loops to compose an original piece of music through the use of BandLab to present to the class. Learning music technology terminology, to prepare for unit 3 of BTEC Music.

## Performance techniques

What makes a good performance and how can we do this in front of an audience on an instrument (keyboard)?

## Rhythm and pitch notation

Exploring pitch and rhythm notation on the treble clef and the basics of how to read notated music.

## Film Music

Learning about musical devices used in film music such as diegetic and non-diegetic. How and why is music important in film?

## Introduction

Recap of what we learnt at year 7 and 8 and preparing for the year ahead. Baseline test.

# Year 9 Learning journey
