

# Useful E-Safety Links:

**ThinkUKnow** <http://www.thinkuknow.co.uk/>

Find out what's good and what's not so good on the internet and what you can do about it.

**Know IT All** <http://www.childnet.com/kia>

An interactive internet safety resource. Contains the latest advice on cyberbullying and reporting.

**KidSMART** <http://www.kidsmart.org.uk/>

Great for children, teachers, parents and carers. Fun games and activities alongside internet safety advice.

**Chat Danger** <http://www.childnet.com/young-people/secondary>

Advices for teenagers on how to stay safe while chatting online with information about the potential dangers of interactive services like chat, Instant Messenger, online games, email and mobiles. Additionally, a full guide relating to child safety online can be found here: <http://ctech.link/child-privacy>

**Childnet** <https://www.childnet.com>

Childnet has produced a checklist of safety questions for parents and carers when purchasing a mobile phone for a child.

**PhonpayPlus** <http://www.phonpayplus.org.uk/For-the-Public.aspx>

Premium rate services regulator providing advice for users on phone-paid services. Phone-paid services add the cost of a service or goods to your phone bill or pre-pay account - this could include ringtones and wallpapers for your phone, TV voting or charity donations.

**PhoneBrain** <http://www.phonebrain.org.uk/>

Advice for young people on phone-paid services such as ringtones, competitions and television voting.

**Childnet** [www.childnet.com/blogsafety](http://www.childnet.com/blogsafety)

Parents - understand the positive and creative ways people are using social networking spaces and highlights the potential risks of using these sites and the ways to minimise these risks.

**Digizen** <http://www.digizen.org/>

Information about social networking sites and how to use them responsibly, plus advice on preventing and responding to cyberbullying.

**Sorted** <http://www.childnet.com/sorted>

Produced by young people. Explores the issues of internet security and protection with explanations, important information and advice on how to protect a computer from viruses, phishing, scams, spyware and trojans.

**Music** <http://www.childnet.com/music>

Young people, music and the Internet. A leaflet developed with the music industry.

**Pro Music** <http://www.pro-music.org/>

A list of legal sites to download music.

**Jargon Buster** <http://www.childnet.com/kia/traineeeteachers/glossary.aspx>

A glossary of key terms you might come across whilst learning about e-safety.
