

IVORY - STAIN REMOVER

Intelligent Hybrid Nano Material

**Product Description:**

Based on the IVORY technology, the highly concentrated, multifunctional IVORY concentrate was developed. The special ingredients mixture of modified ten-sides results in an extremely strong and in the same way mild cleaning action. According to the dilution ratio the product can be used as stain remover for textiles leather or as a surface cleanser for carpets or upholstery.

Characteristics: Water based, biodegrade-able, Excellent skin-friendly, not marked as corrosive, Easy to apply, pleasant odor.

Stain remover application:

Stain remover application: Spray the product on the affected area and rub in with a sponge. Let rest for 15 - 20 minutes. You can reinforce the detachment process by slight rubbing of the surface. Then wash it off with a microfibre cloth, sponge or lint-free cloth using warm water. If the desired effect should not occur in the first application redo the application while prolonging the exposure time. Alternatively, the product can be used as a pretreatment prior to an automatic washing.

Surface cleaner application:

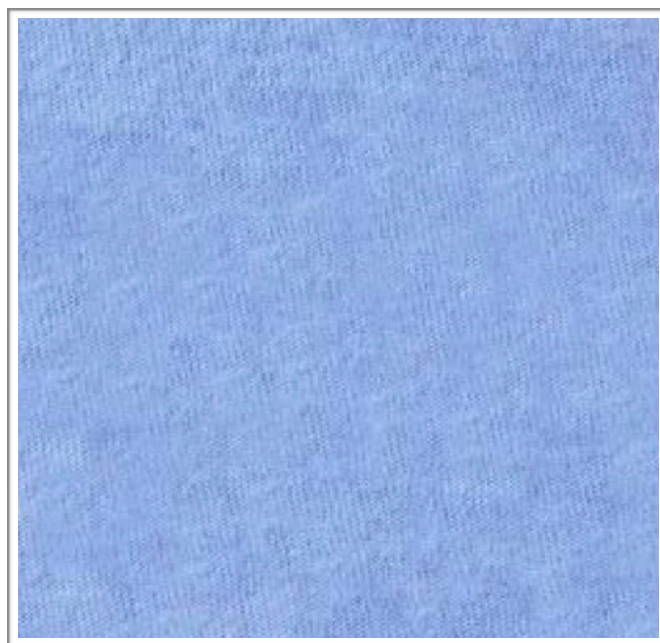

Spray the product, then distribute extensively with sponge or brush. Approximately leave for 5-10 minutes. Pick up product residues and the soil removed with a damp cloth or a corresponding cleaning machine.

Storage The product may be stored for at least 24 months in its original packing. Protect from frost.
