

## **THE DEAL by Lisa Passi**

Brimming with romance and business intrigue, Lisa Passi's *THE DEAL* immerses readers in the emotional depth of a love story entwined with the high-stakes world of real estate. Set in 1988, Passi crafts a nuanced and evocative tale, and her delicious storytelling evokes a timeless quality that keeps readers engaged and eager for more. With passion simmering just beneath the surface and a multi-million-dollar deal on the line, *THE DEAL* delivers a captivating journey where love and ambition collide.

Raised in rural Pennsylvania as the daughter of a preacher and a schoolteacher, Jaclyn Tate has long been admired for her poise and beauty. Years later, armed with an MBA from NYU and a reputation as Manhattan's top commercial real estate broker at Toner & Associates, she is the very embodiment of elegance and steel in a male-dominated industry. When her mentor, Carl Toner, taps her to open a new office in Dallas, the assignment comes at the perfect time. Professionally, it's a bold opportunity; personally, it offers a clean slate after heartbreak. But Jaclyn barely sets foot in Texas before being thrust into one of the most competitive real estate deals of her career; a high-profile skyscraper is on the market, and the clock is ticking as a rival firm closes in.

What begins as a cutthroat business pursuit quickly spirals into something darker. From a mysterious office break-in to suspicious business dealings, Jaclyn is drawn into a world of secrets and manipulation. Is she the target of an elaborate scheme? And who, exactly, can she trust?

Amid the chaos, an unexpected and glamorous romance takes root—one that offers Jaclyn both hope and complication. As passions flare, so do the obstacles, with foes and forces on both sides determined to sabotage the relationship. Much more than a love story, *THE DEAL* is a gripping tale of greed, betrayal, and desire. Lisa Passi weaves mystery, corporate drama, and irresistible romance into a high-stakes narrative that asks: what price are we willing to pay for power, for love, and for the ultimate deal?
