The play opens at Truvy's in-home beauty parlor where a group of women regularly gather. They discuss Shelby's upcoming wedding. The plot covers events over the next three years relating to Shelby's Type 1 diabetes, & with how the women cope with their conflicts, while remaining friends. Although the main storyline involves Shelby, her mother M'Lynn, & Shelby's medical battles, the group's underlying friendship is prominent throughout the drama. The title suggests the "female characters are as delicate as magnolias but as tough as steel".
