

All the protection you need

Before your major appliances break down, get all the protection you need with our HouseCall appliance repair service.

HouseCall protects your electric, natural gas or propane water heater, stove, washer and dryer, refrigerator, central air conditioner, furnace and hot water boiler. If any of these appliances quit, one phone call brings a repair professional to your door.

Free service calls. Free repairs. Free replacement of covered parts...all with the security of a name you can trust: Consumers Energy.

Call our toll-free hotline today for complete program details and easy enrollment.

1-800-371-9818.
