

The Top 5 Reasons NEC is the **Military's Best Kept Secret**

An Extra Credit Per Course

Regionally accredited NEC offers active-duty military* 4-credit courses for only \$750, so your tuition assistance dollars go further. At \$187.50 per credit hour, you stay well within your TA cap of \$250 per credit hour, while accumulating extra credits toward your degree. We extend this offer to your spouses and dependents, too!

Faster Degree Completion

An extra credit per class means completing your degree requirements more quickly, for less money. And NEC's 7-week classes are offered 7 times a year, so you can choose to finish more quickly than most programs.

Credit for Your Military Experience

NEC evaluates JSTs (Joint Service Transcripts) and accepts DANTES and PONSİ credits. Your military experience may qualify for college credit, further reducing the time it takes you to complete your undergraduate degree.**

Programs That Fit Your Busy Life

Enjoy uninterrupted study from wherever you're deployed. Study on your own schedule, at whatever time of day or night that's convenient for you. Temporary duty assignment? No problem. You can exit and re-enter our online programs with no penalties.

All the Support You Need to Succeed!

With NEC's online programs, you're never alone. You receive personalized attention from application to graduation. Your enrollment services representative is there to support and encourage you, as well as to help you sign up for classes and order course materials each semester. Professors hold virtual office hours. And dynamic interactive tools like instant messaging, chat and group study allow you to connect and collaborate with instructors and classmates.

*Reservists and Guardsmen are eligible if activated.

** Individuals who have served in the military should arrange for transcripts to be sent through the American Council on Education (ACE). ACE transcripts can be requested at www.acenet.edu.

Proudly Serving Those Who Serve – For Almost 70 Years!

Regionally accredited New England College has helped the men and women of the armed forces reach their educational goals since 1946. Located in Henniker, New Hampshire, the college began as an educational institution for servicemembers returning from WWII. In keeping with its founding mission, NEC proudly welcomes students with military service and provides substantial financial assistance, support services and benefits. NEC is a proud participating institution in the DoD MOU, as well as the Post-9/11 G.I. Bill® Yellow Ribbon Program.

Four Credits Per Course For the Price of Three!

When it comes to serving the military, regionally accredited New England College has an offer that truly sets itself apart. We help you maximize your tuition assistance by reducing our standard tuition rate by more than 50%! Active-duty military* pay only \$750 per course, so you won't exceed your military tuition cap. Because our courses are four credits, instead of three, each course comes out to \$187.50 per credit, instead of \$250. It's like getting an extra credit for free! And unlike other universities, NEC's military savings isn't only for active-duty military and their spouses. We extend the same offer to dependents, too!

**Reservists and Guardsmen are eligible if activated.*

A Respected, Traditional College 100% Online Convenience!

When you take classes from regionally accredited NEC 100% online, you receive the same quality education and degree as campus-based students. With professor-led streaming video lectures, you can learn anytime, anywhere from your computer or mobile device, allowing you to balance school, work, family and other commitments. You'll also enjoy a vibrant online community that allows you to collaborate with instructors and classmates via instant messaging, email, chat, discussion boards and more. Best of all, you get the personalized attention you deserve from enrollment to graduation.
