NEW! Graduate Programs in Health Informatics - 100% Online

Lead the transformation of healthcare with graduate programs in health informatics from the University of South Florida - ranked by *U.S. News & World Report* among America's Best Colleges and Best Online Schools for 2013. In just six months to a year - from wherever you live - you can gain in-demand credentials that can help launch or advance your healthcare career:

- **Master of Science in Health Informatics**
- **Graduate Certificate in Health Informatics**

Hiring Surges for Health Informatics Experts!

Job growth is expected to continue for health informatics experts, as healthcare providers scramble to comply with government mandates to create electronic medical records. Through 2014, 70% of health insurers, 48% of hospitals and 39% of pharmaceutical / life sciences companies plan to increase hiring of technical informatics professionals, according to a February 2012 study by PricewaterhouseCoopers Health Research Institute.

Anytime, Anywhere, E-Learning From Your Desktop, Laptop, Tablet or Mobile Device!

- Classes start every 8 weeks
- No campus attendance required
- No GRE, GMAT or MAT required
- Financial aid available

Where can a credential in health informatics take you?
