## **NEW! Graduate Credentials in Autism Spectrum Disorders 100% Online**

Every student has potential. But when it comes to those with Autism Spectrum Disorders, that potential often hides behind social and communication challenges. Now – no matter where you live – you can gain knowledge and skills to positively impact these learners with graduate credentials in Autism Spectrum Disorders from the University of St. Thomas in Minnesota. Ranked a Best National University by *U.S. News & World Report* and one of America's Top Colleges by *Forbes*, St. Thomas has been a leader in special education for more than 40 years. At St. Thomas, we believe in focusing on what learners with Autism Spectrum Disorders can do, instead of on their weaknesses. You'll learn evidence-based best practices to help build on each individual learner's strengths, so that he or she can become as independent and successful as possible.
