Announcement of Scalp Cleansing Ampoule Enhancement

Dear Valued Customers,

We are delighted to inform you about the latest enhancement to our Scalp Cleansing Ampoule. In our ongoing commitment to provide superior hair care solutions, we have enriched our formula with four potent natural ingredients: Peppermint, Tea Tree Oil, Apple Cider Vinegar, and Jojoba Oil.

New Ingredients and Their Benefits:

- **Peppermint:** Known for its menthol content, peppermint oil provides a soothing, cooling sensation on the scalp, helping to alleviate itching and inflammation.
- **Tea Tree Oil:** Renowned for its antimicrobial properties, tea tree oil effectively combats dandruff and soothes scalp irritation, promoting a healthier scalp environment.
- **Apple Cider Vinegar:** This natural remedy gently exfoliates the scalp, removing dead skin cells and buildup, while balancing the scalp's pH levels to enhance hair shine and smoothness.
- **Jojoba Oil:** Closely resembling the scalp's natural oils, jojoba oil moisturizes and nourishes the scalp, aiding in the treatment of dandruff and dry scalp conditions.

Enhanced Benefits:

The integration of these ingredients into our Scalp Cleansing Ampoule offers a comprehensive approach to scalp health, addressing common issues such as dandruff, dryness, and irritation, while promoting an optimal environment for hair growth.

We are confident that this improved formula will elevate your hair care experience. Thank you for your continued trust and support as we strive to deliver high-quality products tailored to your needs.

Best regards,

KOH KOK LEONG

Operation Manager
