Nano Dermal Papilla Activator Ampoule Ingredient Upgrade Notice

Dear Valued Dealer,

This notice serves to inform you of an important update regarding our Nano Dermal Papilla Activator Ampoule. We have enhanced the formulation to deliver even better hair growth results. Specifically, we have increased the percentage of several key ingredients: Ginkgo Biloba Extract, Polygonum multiflorum, Zingiber officinale Extract, Rosmarinus Officinalis Oil, and Lavandula Angustifolia Oil. Due to these changes in ingredient percentages, you may notice a subtle difference in the product's scent compared to previous batches.

These ingredient adjustments are based on recent research highlighting the synergistic effects of these botanicals in promoting hair follicle activity and scalp health. We are confident that this updated formulation will further solidify the Nano Dermal Papilla Activator Ampoule as a leading solution for hair growth.

With this change, we aim to further support the effectiveness and comfort of your treatments while maintaining our commitment to transparency, value, and client satisfaction.

Thank you for your continued trust in Nano Hair Growth Clinic. We look forward to continuing to serve you with even greater care.

Best regards,

KOH KOK LEONG
Operation Manager
