Dec. 2018 Hi-Fi World - 5 Globes Outstanding Amongst The Best  

 ➤ “There’s no end of in-ear headphones available nowadays but these new Audiolab offerings are amongst the best. The 2Ds are smooth and detailed with good bass presence - but the 4Ds take all this and add an extended low-end.”

**8300A**, amplifier

Feb. 2016 Hi-Fi World - 5 Globes Award  

 ➤ “A cracking amplifier from Audiolab that has a sound quality that belies its price. Could show a thing or two to amplifiers costing a great deal more.”  
<https://iaggroup.jianguoyun.com/p/DQqRXP2qS1Bhi-l2A>

Feb. 2016 Gramophone - Product Of The Month  

 ➤ “The latest pairing from a long-established brand makes a potent and stylish combination.”  
<https://iaggroup.jianguoyun.com/p/DfkMsCO2qS1BhjFI2A>

Dec. 2015 Hi-Fi Choice - Recommended  

 ➤ “Excellent do-it-all mid-price integrated amp... Powerful, clean, detailed sound... Excellent value and an ideal companion to the 8300CD.”

**8300CDQ**, CD player

Jan. 2020 Hi-Fi Choice - Yearbook 2019  

 ➤ “Superb CD performance and great hi-res sound... The arrival of Audiolab’s 8300CDQ is likely to cause much grinding of teeth among its price rivals. It takes the recipe of the original 8200CDQ, polishes it and adds useful functionality that will stand it in good stead for many years to come.”

May. 2019 Hi-Fi World - 5 Globes Outstanding Amongst The Best  

 ➤ “The new Audiolab 8300CDQ player is a stellar performer. Along with an impressive CD player you also get a full range of digital inputs, allied to a selection of filters that allow fine-tuning of the sound. Audiolab have excelled here. There’s nothing to fault in terms of sound quality and operational performance.”

## 8300CDQ, CD player

- Apr. 2019

Trusted Reviews

➤ “Also included in the 8300CDQ’s specs is MQA decoding. MQA or Master Quality Authenticated, is a high-resolution digital audio format for music streaming that’s available via a number of sites including Tidal’s Master streaming service. With MQA, the idea is that you hear the original recording’s full resolution in a way that’s adapted and maximised for the highest quality playback on your device.”
