This certificate allows the pilot to operate an aircraft day or night under Instrument Flight Rules (IFR). Eligibility for enrollment. A person must hold at least a private pilot certificate with an aircraft category and class rating appropriate to the instrument rating for which the course applies prior to enrolling in the flight portion of the instrument rating course. The Times listed are for instructor/guidance only and are not meant to be mandatory times. These times will ensure the minimum time requirements for aeronautical knowledge and flight training are in compliance with 14 CFR Pat 141, Appendix C, Instrument Rating Course.
