## **Etheredge Aviation Flight Training Service L.L.C. Private Pilot Ground Flight Sequence and Times**

Eligibility for enrollment. A person must hold the following prior to enrolling in the flight portion of the flight instructor or additional flight instructor rating course:

(a) A commercial pilot certificate or an airline transport pilot certificate, with an aircraft category and class rating appropriate to the flight instructor rating for which the course applies; and

(b) An instrument rating or privilege in an aircraft that is appropriate to the aircraft category and class rating for which the course applies, if the course is for a flight instructor airplane or powered-lift instrument rating. The Times listed are for instructor/guidance only and are not meant to be mandatory times. These times will ensure the minimum time requirements for aeronautical knowledge and flight training are in compliance with 14 CFR Pat 141, Appendix F, Flight Instructor Certification Course.
