Monthly	\$40.00
Annual	\$480.00

- Salt-Away™

Salt-Away™ is a water-based, non-hazardous, biodegradable solution containing properties that dissolve, release and remove salt crystals from any surface. Water alone will not remove salt. The use of Salt-Away™ will not correct past damage but will work to protect against salt corrosion and repeated use, and can safely be used on all metals, fiberglass, paint, rubber, plastic, chrome, glass, concrete, brick or any surface exposed to salt. Salt-Away™ when mixed with water washes away the salt and leaves a protective film on surfaces until the surface is again exposed to water or salt. Special high-performing corrosion inhibitors in the product help protect metals from corroding if not rinsed off. Salt-Away™ will not strip wax or cause streaks or spots. Imagine what this treatment can do for the longevity of your boat and engine.

- Battery Charging: upon request the day prior to launch (We do not offer full-time charging)
- Boat Wash
- Ice: Five 20 lb bags of ice per “in/out”
