Fort Lauderdale/Bahamas

- Captain for busy program; responsible for all aspects of operations.
- Set up and administered provisioning, inventory controls, maintenance, accounting, and reporting.
- Managed all voyage preparations including passage and route planning, provisioning.
- Busy program with 8-10 trips per season, 6-12 guests on board, parties and events including many back-to- back trip schedules.
- Responsible for all boat logs, procedures, inventories, and reporting systems, scheduled and managed all regular maintenance of yacht.

CAPTAIN BRIAN

I believe that by meticulously maintaining a vessel, hiring the right crew, and properly training them in their job, a high expectation of service and experience can be met for the owners and their guests.

A balance of ensuring a safe and efficiently running vessel with a focus towards hospitality is the best foundation for a successful yacht program.

I am looking for a long-term position and relationship with a yacht owner (and family) where I can use my vast experience to bring value to a great program.
