

Special Olympics  
Council Activities Featured Program

# Feed The Athlete

A California State Council Initiative

# Feed The Athlete Fund

- Our purpose is to grow the local Knights of Columbus involvement with Special Olympics by:
  - Conducting focused opportunities to raise funds for Special Olympics
  - Establishing a Fund to sponsor the meals at Special Olympic sporting events throughout California
  - Publicizing the long standing relationship between the Knights of Columbus and Special Olympics

## Program Highlights

- Provide volunteer opportunities for local Knights
- Provide long term fundraising assistance to Special Olympics
- Focus interest in supporting Special Olympics
- Councils can receive recognition awards
- Funds can be counted towards ID Program awards
- Participation can be counted in two areas on the SP7 form

## How it Works

Councils can raise funds for the Feed the Athlete initiative through their Intellectual Disabilities Drive or by having a completely separate fund raiser event. Councils can either use the Columbian Foundation's Form 200 and Form 201 or use the standalone Feed the Athletes Program Council Donation Form to report and turn in donations.
