### Best For ... (Tier Selection Guide)

| Tier                                  | Best For Patients Who...   |
|---------------------------------------|--|
| <b>Tier 0 – Non-Member</b>            | Prefer to book only when needed, want full flexibility with no monthly commitment, or are trying out services for the first time. Ideal for those who need occasional care, a one-time evaluation, or infrequent in-home visits without ongoing support. |
| <b>Tier 1 – Basic Access</b>          | Want affordable access to care, occasional telehealth visits, and light discounts on in-home services. Great for patients who need support “as needed” rather than regularly.  |
| <b>Tier 2 – Ongoing Care</b>          | Need consistent support for digestion, metabolism, chronic symptoms, or wellness goals. Ideal for patients who want 2 telehealth visits per month and deeper discounts on in-home services.  |
| <b>Tier 3 – Comprehensive Support</b> | Want concierge-style care, frequent visits, and all add-ons included. Perfect for patients with chronic pain, complex needs, or those who want the highest level of access and value.  |
