

Animal Control/Removal

Virginia Animal Control: Kenny Rand – 703 395-8622. Have had problems with raccoons, first in the attic. I trapped and relocated one. Then I found out that removing an animal is against Virginia law. Next problem was a racoon digging up my yard. I trapped it and called Kenny Rand. They came out and humanely removed the animal. The \$100 cost was the lowest I could find (They also offer trap and removal services). Kenny was responsive and efficient. I highly recommend. Paul Krumhaus, Sugarbush (December 2010)
